

President's Briefing Item – B

Workforce Innovation and Opportunity Act Grant Transfer Designation

Following a budget review, staff recommends transferring funds from WIOA DW to WIOA Adult. The adult program designed to assist marginally skilled workers remains in demand. In consideration of this need and flexibility of grants, staff requests a \$350,000 grant transfer designation from WIOA dislocated worker to WIOA adult. This will assist in providing needed services to individuals who require assistance.

RECOMMENDATION: Board authorization to transfer \$350,000 from WIOA DW to WIOA Adult and make corresponding amendments to the ResCare contract.

Temporary Assistance for Needy Families

Following an analyses of available reserves and Rescare's needs, staff recommend contracting \$400,000 in TANF dollars to the existing contract.

RECOMMENDATION: Board authorization to amend ResCare's contract to add \$400,000 from TANF, and amend ResCare's contract (as necessary) to obligate and spend residual balances by October 31, 2017.
